### THE PROGRAM

The Rhythmic Gymnastics Manitoba Provincial Team Program is designed to provide performance enhancing opportunities to selected group of athletes who strive for national excellence.

The Manitoba Provincial Team Program has been one of the cornerstone programs of the RGM for the last three decades, delivering programs for the athletes with talent, aspiration and commitment to compete at the national and international levels.

Every year in June, Rhythmic Gymnastics Manitoba selects the six (6) top Seniors, six (6) top Juniors, and six (6) top Novice. The athletes are chosen based on selection criteria taking into consideration results from National competitions. There are additional opportunities to join the provincial team as part of an eligible National level group.

Throughout the year the athletes spend 15 - 21 hours per week at minimum cultivating physical fitness and sport specific skills in their own clubs. In addition, these athletes are also involved in performance enhancement programs designed specifically for the Provincial Team members. These programs include ballet classes, sport psychology, nutritional education and skill evaluation delivered by experts in those fields. The Provincial Team Athletes represent Manitoba at Elite Canada, the Western Regional Championships, and the Canadian Championships.

### THE FACILITY

The Manitoba Provincial Team Athletes will train through their clubs at the University of Manitoba Max Bell Center Field House. For 3-6 hours, seven days a week, two training areas within the Field House become a rhythmic gymnastics training facility offering 40 feet ceiling
