# ABOUT RHYTHMIC GYMNASTICS AND GYMNAESTRADA

Rhythmic gymnastics is a sport performed to music with apparatus – hoop, rope, ball, ribbon, or clubs – and combines elements of both gymnastics and dance. Routines are performed both individually and in groups of up to five athletes.

Provincial Gymnaestrada is an annual display occurring at the end of the competitive season. Clubs are encouraged to choreograph and perform large group routines with their athletes that may feature elements of gymnastics, dance, and acrobatics with or without apparatus.

Gymnaestrada is a showcase of Gymnastics for All, a gymnastics discipline offering a variety of activities suitable for all genders, age groups, abilities, and cultural backgrounds.
